

Information for judges

Here is a sample of the information sent to our invited judges.

Hi XXX,

Thank you for agreeing to come to our club and commenting on our photographic efforts on Tuesday XXXX. Our theme for this meeting will be XXXX.

Unlike many other FCC aligned clubs, we do not have awards at our exhibition nights. Rather, we prefer to have a discussion around the photographer's intentions and challenges as well as respectful and constructive feedback from other members. More detail on topics and our club aims is available from our website if required - <http://www.eastspographyclub.net>

On Tuesday, members may present a maximum of 4 photos (digital or print) in one of 2 categories:

1. The specified theme for the month **or**
2. The open category which could be on any theme.

Some members may wish to have their photos considered for more serious competitions.

We meet from 7:30 pm till 9:30 pm in the Bondi Room at Easts Leagues Club, Spring Street Bondi Junction. Free parking is conveniently available after 6.00 pm at Westfields, across the road from the club.

We are a small amateur club and our skills range from beginner to good photographer. Each member may talk about their images prior to your helpful comments. We are asking you to assist our growth and development by offering constructive feedback and if relevant, provide more detailed analysis of competition type entries.

We look forward to your contribution.

Regards
